

## Roasting Putin

This war is unfair  
Yet Putin has no hair  
Zelensyy is the best of the bunch  
So he always comes back with a punch  
Nuclear bombs have been feared  
Meanwhile Putin sits there with a sneer  
Everyone is scared for there life  
While Putin is filled with strife  
Nobody likes him  
Because he is filled with grim  
There is always shooting  
Yet no one's recruiting  
Why is war so dangerous  
And always so murderous

So is this the circle of life  
Or is Putin angry because he needs a new wife
